

**Lyf sem veitt hefur verið íslenskt markaðsleyfi og eru ekki markaðssett, en eru notuð á grundvelli undanþágubeiðna sem Lyfjastofnun hefur samþykkt.**

Með dreifibréfi, dags. 7. október 2008, greindi Lyfjastofnun frá þeirri ákvörðun að birtur verði á heimasíðu stofnunarinnar listi yfir lyf sem veitt hefur verið íslenskt markaðsleyfi og eru ekki markaðssett en eru í notkun á grundvelli undanþágubeiðna sem Lyfjastofnun hefur samþykkt.

Á listanum hér fyrir neðan eru tilgreind lyf sem framangreint á við um. Listinn er ekki tæmandi og verður uppfærður eftir því sem efni gefst til. „X“ í aftasta dálki töflunnar táknar að lyfið var selt hér á landi á því ári sem tilgreint er efst í dálknum.

Komi til markaðssetningar/samhliða innflutnings einhvers eftirtalinna lyfja hérlendis verður það fellt af listanum þegar upplýsingar um lyfið hafa verið birtar í lyfjaskrá og lyfið er fánlegt.
